

vetsak

*„To the bold, the confident, the creators, the wild ones,
the daring, design-centric, risk-takers - vetsak is an ode to
you. Without you, we would be half the brand we are. You
encourage us to go further, be more curious, crazier, more
creative. To challenge the status quo, to never hide in the
shadow of the ordinary or the expected.*

*To design a more comfortable world for everyone;
from those who make our products to those who bring
them home, and everyone in between.“*

Max Gansow (CEO & Co-Founder)
